The DuPage County Difference

DuPage County is one of the best places to live in Illinois. Under Republican leadership, the county promotes:

#1 Safe Schools & Streets ☐ – Our neighborhoods and schools are consistently ranked as some of the safest in the country. Public safety is a top priority for all residents.

#2 Effective Government ☐ – The county has an AAA bond rating

and is business friendly. We lead the state in consolidating local government bodies that are no longer efficient.

#3 Low Taxes □ – Property tax rates from the county have not been raised in over a decade. We look for ways to cut taxes, not create new ones like the Cook County pop tax.
